Program Description:

Eligible patients may receive one (1) FOLR1 FDA (ELAHERE™) for Ovarian Carcinoma test regardless of test results or treatment decision. Patients must meet all of the following criteria to be eligible:

- Patient has ovarian cancer (including epithelial ovarian cancer, primary peritoneal cancer or primary fallopian tube cancer)
- Patient lives and receives treatment in the United States or a US Territory
- Patient does not have a known FRα expression from a previous test
- Patient has not previously been tested under this Program

No patient, health care program, or beneficiary shall be billed for this test. This test shall not be included in a bundled payment to any health care facility including, but not limited to, a hospital. The ordering physician shall not be compensated any fees in connection with this testing, such as for specimen collection, handling, or data reporting. Program is not valid where prohibited by law. NeoGenomics and Immunogen reserve the right to rescind, revoke, or amend the program for any reason without notice.

Select Testing

FOLR1 IHC CDx, Sponsored Testing Program

Note: Please submit a separate requisition for tests outside of the program's scope.

Program Overview

Please see our website for details of the FOLR1 IHC CDx Sponsored Testing Program at:

<https://neogenomics.com/diagnostic-services/sponsored-testing-programs/folr1-ovarian-cancer-testing-program>

Specimen Requirements

A formalin-fixed, paraffin-embedded (FFPE) tissue block is the preferred specimen type

Or

One (1) unbaked, unstained slide for H&E staining (required) and two to three (2-3) positively charged unstained slides (all cut at 4-5 microns)

Block and slide identifiers should be clearly written and match exactly with the specimen ID and specimen labeling as noted on the requisition.

Test Notations

Specimen Usage

NeoGenomics makes every effort to preserve and not exhaust tissue, but in small and thin specimens, there is a possibility of exhausting the specimen in order to ensure adequate material and reliable results.
