

Our Supply Order service site makes ordering simple and always accessible. Use this guide to navigate the Supply Order service site. It highlights the key steps to help you place supply requests.

### Login

- Visit: <https://www.spectrapath.net/login.aspx>
- Enter your login credentials
- Click on the **Orders** Module or Menu option to access the order screen.

### Select Client and Shipping Information

- Select the appropriate **Client No.** from dropdown list.
- The **Shipping Address** will populate. This information will print on requisition form orders.
- To ship to another address, enable the **Alternate Shipping Address** option, then complete the alternate shipping address information.
- **Shipping Service** defaults to FedEx Ground, as this is the standard shipping option. If you need a one-time exception, the shipping service can be adjusted. Please include a note on your order so our team can review the request and determine whether an expedited method can be approved.

### Add Order Items

- Recently ordered items will sort to the top of the list and will have a **Last Ordered Date**. Use the **Selected Category** list to filter items by categories, such as Kit, Requisition, etc.
- Review the product description to confirm the item you want to order. Clicking on the Blue font item description, will display item details.
- Enter the **Quantity** needed for each item being ordered and reference the **Unit of Measure** to ensure you order the correct quantity.
- Click the **Continue** button to review your order.
- The **Order Review** screen will display. Please review all order details. When ready, click **Submit Order**.
